COSMIC

Stimulation, relaxation, comfort...
the bathroom reintroduces us to
ourselves through objects that
transcend the merely functional.

Activarse, relajarse, sentirse cómodo...
en el baño nos reencontramos con
nosotros mismos, a través de una
serie de objetos que trascienden lo
meramente funcional.

Cosmic

Cosmic conceives the bathroom as an reflection of a person's personality and the search for wellbeing through design. One of the most global and suggestive offers on the market: accessories, furniture, washbasins, bathtubs, shower trays, fittings, lightings, mirrors and free-standing accessories.

Cosmic entiende el cuarto de baño como un reflejo más de la personalidad de cada individuo y su búsqueda del bienestar a través del diseño. Una de las ofertas más globales y sugestivas existentes en el mercado: accesorios, muebles, lavabos, bañeras, platos de ducha, grifería, iluminación, espejos y complementos.

The creators

Los creadores

Over the years the Cosmic Studio has been designing and developing numerous collections that have become classics. It has also collaborated with and coordinated work by renowned designers.

A lo largo de la historia Cosmic Studio ha diseñado y desarrollado multitud de colecciones que se han convertido en clásicos, y ha colaborado y coordinado el trabajo de reconocidos diseñadores.

1993

Architect

A multitude of pieces come out of architectonic forms that dominate with their resistance. Full collection of accessories, converted into a classic.

De las formas arquitectónicas surgen multitud de piezas que destacan por su resistencia. Colección completa de accesorios convertida en un clásico.

Cosmic Studio

"A vocation for design. We rely on the creator as someone capable of successfully bringing the concept we want to convey to the consumer."

Team dedicated to innovation and researching new designs and materials.

"Vocación por el diseño. Apostamos por la figura del creador como alguien capaz de materializar el concepto que queremos transmitir al consumidor."

Equipo dedicado a la investigación de nuevos diseños y materiales y a la innovación.

1998

Inox

The resistance of steel combines with the most contemporary forms resulting in intensely sober and elegant pieces.

La resistencia del acero se une a las formas más contemporáneas dando como resultado piezas extremadamente sobrias y elegantes.

Cosmic Studio

1999

Ozone

A minimalist basin ideal for small spaces which can be complemented by a towel bar.

Lavabo mínimo para espacios reducidos que opcionalmente puede incorporar un toallero doble.

Ricard Ferrer

Barcelona - España, 1968

"I like simple products, those which offer functionality without any pretension, that are elegant, those that fulfil their purpose."

Product designer from the Elisava School and the Llotja School in Barcelona, with a top-up BA in Design from the University of Southampton.

Nominations in the Delta Adi-fad awards and first prize in both 2001 and 2003 in the Expohogar design competition.

"Me interesan los productos simples, los que ofrecen el uso sin más pretensiones, los elegantes, los que cumplen lo que prometen."

Diseñador de producto por la Escuela Elisava y Llotja en Barcelona, BA top in design de la Universidad de Southampton.

Selecciones en los premios Delta Adi-fad y primer premio 2001 y 2003 en el concurso de diseño Expohogar.

Liria

The poetry and beauty of the flower make this lavatory brush a gift item.

La poesía y la belleza de la flor convierten el escobillero en un objeto de regalo.

Logic

Pieces that bring together the functions and basic forms of the bathroom to create comfortable and pleasant ambiances.

Piezas que recogen los usos y formas básicas del baño para crear ambientes confortables y cómodos.

Minimalism

Maximum wellbeing in the bathroom environment with minimum elements.

El máximo bienestar en el entorno del baño con mínimos elementos.

Javier Mariscal

Valencia - España, 19505

"To surprise first, to fascinate, later. And finally, to convince. This is our strategy."

Graphic designer from the Elisava School in Barcelona who has devoted his career to furniture design, interior design, graphic design, landscaping, painting, sculpture, illustration, web and multimedia design and animation. All of these disciplines form the basis of his professional activity.

"Sorprender primero, fascinar después. Finalmente convencer. Esta es nuestra estrategia."

Diseñador gráfico por la Escuela Elisava de Barcelona ha dedicado su carrera al diseño de mobiliario, el interiorismo, el diseño gráfico, el paisajismo, la pintura, la escultura, la ilustración, el diseño web y multimedia y la animación. Todas estas disciplinas son objeto de su actividad profesional.

Cosmic Studio

Cosmic Studio

2001

Lux Gold

Golden Lux award in the Fashion and Advertising category for the campaign conducted by artistic director Jaume de Laiguana for Cosmic. The project presented powerful photographs from choreographer Nacho Duato, who was managing the Spanish National Dance Company at the time.

Lux de Oro en la categoría de Moda y Publicidad por la campaña realizada por el director artístico Jaume de Laiguana para Cosmic. El trabajo presentaba fotografías impactantes del coreógrafo Nacho Duato, que en aquel momento dirigía la Compañía Nacional de Danza de España.

Aluminium

Top level technical and functional features are blended together in refined and avantgarde aesthetics, with bathroom spaces explicitly in mind.

Altas prestaciones técnicas y funcionales se funden en una estética depurada y vanguardista, especialmente ideada para espacios de baño.

System

A collection of bathroom accessories designed to create decor sets by freely distributing mirrors, cupboards and shelves in aluminium base frames.

Muebles auxiliares de baño para configurar conjuntos a partir de espejos, armarios y repisas que pueden distribirse libremente en los marcos base de aluminio.

Jonathan Daifuku

Boston - USA, 1954

"Creator of timeless pieces that combine understated practicality with different multicultural influences."

Architect from the School of Fine Arts in Paris. Bachelor in "Environmental Design and Architecture" from Rhode Island School of Design in the USA.

Finalist in the Lighting for Tomorrow competition with the Wave project. (2003).

"Creador de objetos intemporales que combinan una sobria funcionalidad con varias influencias multiculturales."

Arquitecto por la escuela de Bellas Artes de París. Bachelor en "Enviromental Design y Architecture" por Rhode Island School of Design en USA.

Finalista en el concurso Lighting for Tomorrow con el proyecto Wave. (2003).

Ricard Ferrer

Lux Silver

Silver Lux award for the campaign conducted by the artistic director Jaume de Laiguana for Cosmic. The proposal presented spectacular images of famous models such as Martina Klein, Eulalie Martine, Verónica Blume and Bimba Bosé, who appeared naked, surrounded by smoke, rubbish and freezing water, in order to condemn the pollution of the planet.

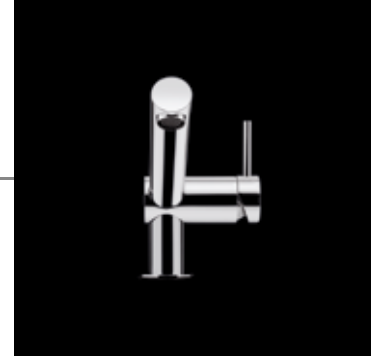

Lux de Plata por la campaña creada por el director artístico Jaume de Laiguana para Cosmic. La propuesta presentaba imágenes espectaculares de famosas modelos como Martina Klein, Eulalie Martine, Verónica Blume o Bimba Bosé, que aparecían desnudas rodeadas de humo, basura o aguas heladas para denunciar la contaminación del planeta.

Container

A set of shelves, containers and washbasin built at different levels to help with organisation.

Conjunto de estantes, containers y lavabo construido a diferentes niveles con el objetivo de marcar un orden.

Control

Extraordinarily subtle design and high technology to fulfil a simple and elementary concept.

Diseño extraordinariamente sutil y alta tecnología al servicio de un concepto simple y elemental.

Xavier Claramunt

Igualada, Barcelona - España, 1965

"Experience architect."

Architect from the Advanced Technical School of Architecture in Barcelona. Master Craftsman from the Government of Catalonia.

He became known as a jewellery designer, really took off as a successful aeronautical engineer and then took a wild leap and ended up as an unpredictable architect.

"Arquitecto de experiencias."

Arquitecto por la Escuela Técnica Superior de Arquitectura de Barcelona. Maestro Artesano por la Generalitat de Catalunya.

Se dio a conocer como diseñador de joyería, despegó como ingeniero aeronáutico para saltar en pleno vuelo y aterrizar como arquitecto impredecible.

Xavier Claramunt y Miquel de Mas

2003

Príncipe Felipe

Príncipe Felipe award for Business Excellence 2003 for marketing, management and design management. These awards, granted by the Ministry of Finance and the Ministry of Science and Technology, aim to give public recognition to those Spanish companies that have made a substantial effort to improve their competitiveness factors, as well as to encourage other companies to continue working on the path towards excellence.

Premio Príncipe Felipe a la Excelencia Empresarial 2003 por marketing, gestión y gestión del diseño. Estos premios, otorgados por los ministerios de Economía y de Ciencia y Tecnología, tienen como objetivo hacer un reconocimiento público de aquellas empresas españolas que han realizado un importante esfuerzo por mejorar sus factores de competitividad, así como animar a otras empresas a seguir trabajando por el camino de la excelencia.

Premio a la calidad del diseño en la empresa

Business Design Quality award 2003, presented by BCD (Barcelona Design Centre) and the Barcelona Chamber of Commerce.

Premio a la Calidad del Diseño en la Empresa 2003, presentado por BCD (Barcelona Design Centre) y la Cámara de Comercio de Barcelona.

Liquid

Special quality material for the moist atmosphere of the bathroom and extraordinarily aesthetic beauty based on the most elementary and avantgarde forms.

Materiales con altas prestaciones para el ambiente húmedo del baño y extraordinaria belleza estética basada en las formas más elementales y vanguardistas.

Núria Coll y Willi Kunzel

Badalona - España, 1973
Dachau - Germany, 1968

"Agility and creativity. New perspectives in the field of design."

NC: Winner of first prize in the professional category of the Manacor furniture competition (Mallorca).

WK: Design at the Akademie Industrielle Vormengeving in Eindhoven, The Netherlands, and at the Elisava School in Barcelona. Collaborator in the European Design Centre for the Volkswagen group.

"Agilidad y creatividad. Nuevos puntos de vista en el diseño."

NC: Ganadora del Primer Premio profesional de Mobiliario de Manacor (Mallorca).

WK: Diseño en la Akademie Industrielle Vormengeving de Eindhoven, Holanda y en la Escola Elisava de Barcelona. Colaborador en el Design Center Europe del Grupo Volkswagen.

With

Wall-hung washbasins with rounded edges that are complemented with very practical auxiliary trolleys.

Lavabos de pared suspendidos y con acabados redondeados que se complementan de carros auxiliares muy prácticos.

Xavier Claramunt y Miquel de Mas

Igualada, Barcelona - España, 1965
Barcelona - España, 1975

"Experience architect."

"As a sceptic, I seek originality and discover innocence."

XC: Architect from the Advanced Technical School of Architecture in Barcelona. Master Craftsman from the Government of Catalonia.

He became known as a jewellery designer, really took off as a successful aeronautical engineer and then took a wild leap and ended up as an unpredictable architect.

MDM: Interior designer from the Rubí Municipal School of Fine Arts (Barcelona) and technician of Interactive Multimedia Systems from UOC-UPC in Barcelona.

He trained as an interior designer but later became an industrial designer. He lives three-dimensionally, navigating digital environments and seeking new challenges.

"Arquitecto de experiencias."

"Incrédulo, busco la originalidad y hallo la inocencia."

XC: Arquitecto por la Escuela Técnica Superior de Arquitectura de Barcelona. Maestro Artesano por la Generalitat de Catalunya.

Se dio a conocer como diseñador de joyería, despegó como ingeniero aeronáutico para saltar en pleno vuelo y aterrizar como arquitecto impredecible.

MDM: Interiorista por la Escuela Municipal de Bellas Artes de Rubí (Barcelona) y técnico en Sistemas Interactivos Multimedia UOC-UPC de Barcelona.

Se formó como interiorista y se transformó a diseñador industrial. Vive las tres dimensiones, navega en entornos digitales y busca nuevos retos.

Working

Based on pure function, without ostentation. Simple forms with an extremely elegant expression.

Basada en la función pura, sin más pretensiones. Formas simples con un gesto extremadamente elegante.

Cosmic Studio

2005

Compact

Be part of the most personal moments. The Compact bathroom collection achieves this air of complicity, with dual functions such as integrated storage drawers.

Ser participe de los momentos más personales. Con la colección de lavabos Compact esta complicitad se consigue, ofreciendo funciones alternativas a la propia como los cajones de almacenamiento integrados.

Cosmic Studio

Organizer

Installations that want to leave the walls where they are hidden and wander through the bathroom surfaces.

Instalaciones que quieren salir de las partes donde están escondidas y pasearse por las superficies del baño.

Xavier Claramunt y Miquel de Mas

Organizer

Metal tubes with hanging neoprene structures for an optimal organization.

Tubos metálicos con estructuras colgadas de neopreno para una organización óptima.

Xavier Claramunt y Miquel de Mas

Emiliana Design Studio

ANA MIR

Valencia, Barcelona - España, 1969

EMILI PADRÓS

Barcelona - España, 1969

"We offer a fresh approach to every project. Our values consist of experimenting with new materials, objects and spaces."

AM: Bachelor in Fine Arts from the Polytechnic University in Valencia and Master in Industrial Design from the Central Saint Martin's School of Art Design in London (1992-1994).

She teaches at (Gives classes at) the Elisava ESDi School of Design in Barcelona.

EP: Master in Industrial Design from Central Saint Martin's School of Arts and Design in London (1992-1994). Industrial Designer from the Elisava School.

In 1996 he founded the Emiliana Design Studio with Anna Mir for product and furniture development, interior design, curatorship and exhibition design.

"Ofrecemos un renovado enfoque en cada proyecto. Nuestros valores son la experimentación con los materiales, objetos y espacios."

AM: Licenciada en Bellas Artes por la Universidad Politécnica de Valencia y Master en Diseño Industrial por la Universidad Central Saint Martin's School of Art Design de Londres (1992-1994).

Imparte clases en Elisava Escola Superior de Disseny de Barcelona.

EP: Master en Diseño Industrial en Central Saint Martins School of Arts and Design, 1992-94 London. Diseñador Industrial por la Escuela Elisava.

En 1996 funda emiliana design studio junto con Anna Mir para el desarrollo de producto y mobiliario, el interiorismo, el comisariado y diseño de exposiciones.

2006

Bath Life

Set of perfectly straight lines and angles within an exclusive and timeless design.

Conjugación de líneas y ángulos rectos perfectos, de diseño exclusivo y atemporal.

Bath Life

A timeless range, made with fine materials, which evoke pure and sophisticated styles.

Serie atemporal, realizada con materiales nobles, que evoca formas puras y sofisticadas.

Drop

Arising from the image of the drop of water that adapts and flows over surfaces, based on the architectural forms of each object so they are easily recognisable for the user but more rounded, as if they had been eroded by water.

Nace a partir de la imagen de la gota de agua que se adapta y fluye sobre las superficies, partiendo de las formas arquetípicas de cada objeto para que sean fácilmente reconocibles por el usuario, pero más redondeadas, como si estuvieran erosionadas por el agua.

Carles Ferruz

Barcelona - España, 1968

"Avant-garde design and development of integral decoration projects."

Interior designer from the Llotja School in Barcelona.

After 20 years of experience in the sector, in 1993 Carles Ferruz launched FERRUZ DECORADORS at his current location in Barcelona.

"Diseño de vanguardia y desarrollo de proyectos integrales de decoración."

Interiorista por la Escuela Llotja de Barcelona.

Tras 20 años de experiencia en el sector, en 1993 Carles Ferruz abrió las puertas de FERRUZ DECORADORS en su actual sede en Barcelona.

Carles Ferruz

Ricard Ferrer

2007

Saku

Vegetable forms that grow and evolve; thus its name "saku", to flourish in Japanese.

Formas vegetales que crecen y evolucionan, de ahí su nombre "saku", florecer en japonés.

Bi

Simple forms that combine the elegance of steel with the functionality of plastic, seeking excellent performance over and above fashions and trends.

Formas simples que unen la elegancia del acero con la funcionalidad del plástico, y buscan dar un excelente rendimiento más allá de modas y tendencias.

Extreme

Serene balance between sober elegance of rectangular lines and the sensuality of forms.

Sereno equilibrio entre la sobria elegancia de las líneas rectangulares y la sensualidad de sus formas.

Ricard Ferrer

Ricard Ferrer

Cosmic Studio

Project

From the amalgamation of circular and squared forms comes the versatility and functionality of all its elements.

De la conjugación de formas circulares y cuadradas, surge la versatilidad y funcionalidad de todos sus elementos.

Block

Sculpt refined forms. Soften angles. Trace soft lines. Cosmic has cast one of its most emblematic collections, Block, relocating it in time using a new material of exceptionally high quality.

Esculpir formas depuradas. Redondear los ángulos. Trazar líneas suaves. Cosmic ha moldeado una de sus colecciones de lavabos más emblemáticas, Block, resituándola en el tiempo con un nuevo material de una calidad excepcional.

DESIGN PLUS Block

Design Plus Award 2007 for Block collection, given by the German Design Council in collaboration with Messe Frankfurt.

Premio Design Plus 2007 por la colección de mobiliario Block, concedido por German Design Council en colaboración con Messe Frankfurt.

Cosmic Studio

Cosmic Studio

2008

Flow

The sensuality of natural forms blends into a strict and functional geometry.

La sensualidad de las formas naturales se funde en una estricta y funcional geometría.

**Martín Ruiz Azúa
y Gerard Moliné**

2009

DESIGN PLUS Flow

Design Plus Award 2009 for Flow collection, given by the German Design Council in collaboration with Messe Frankfurt.

Premio Design Plus 2009 por la colección Flow, concedido por German Design Council en colaboración con Messe Frankfurt.

Organics

Pieces without edges, moulded by and for use. their design is inspired by the erosion of water, its blurring of contours and how they are moulded to sweeten their profiles.

Piezas sin aristas, modeladas por y para su uso. su diseño se inspira en la erosión del agua y en cómo ésta difumina los contornos y los moldea dulcificando los perfiles.

Ricard Ferrer

2010

Mix

The combination of organic and compact gives the perfect result. A collection with the tranquillity and wellbeing of the bathroom in mind.

La mezcla entre lo orgánico y lo compacto da el resultado perfecto. Una colección especialmente ideada para el relax y el bienestar en el espacio de baño.

Martín Ruiz Azúa

País Vasco - España, 1965

"Global communication for a local life."

Bachelor's degree in Fine Arts (Design) from the University of Barcelona (UB). Postgraduate degree in Architecture and Design of Ephemeral Installations from the Polytechnic University of Catalonia (UPC).

Design Plus award 2009 for the Cosmic Flow collection, Interior Designer Plus award 2009, AD award for best designer 2010, Silver Delta award 2011.

Licenciado en Bellas Artes (Diseño) por la UB. Postgraduado en Arquitectura y Diseño de Montajes Efímeros por la UPC.

Design Plus 2009 Flow de Cosmic, Premio Interiorismo Plus 2009, Premio AD mejor diseñador del año 2010, Premio Delta de Plata 2011.

Hiro

Designed for organisation and storage requirements, offering solutions to spaces usually between the toilet and the bathroom fittings.

Pensada para resolver diversas necesidades de organización y almacenaje, aportando soluciones a los espacios que suelen quedar entre los sanitarios y el mobiliario.

Ricard Ferrer

Black & White

The classic colour contrast transforms the bathroom into a bold atmosphere or blends it in to the other components to create harmonious and diaphanous environments.

El contraste cromático más clásico permite transformar el baño en un ambiente atrevido o bien fundirse con el resto de elementos para convertir los entornos en armónicos y diáfanos.

Cosmic Studio

2011

Modular

Modular is the most intelligent and flexible solution for organisation and storage requirements in the bathroom environment.

Modular es la solución más inteligente y flexible para las necesidades de orden y almacenaje en el entorno del baño.

Àlex Armenter

Barcelona - España, 1961

"A good project begins with a good commission"

Architect from the Polytechnic University of Catalonia (UPC).

Architecture and interior design projects for leading companies, including Industrias Cosmic, SAU.

Dedicated to the restoration of buildings in Barcelona and London.

"Un buen proyecto empieza por un buen encargo."

Arquitecto por la UPC.

Proyectos de arquitectura e interiorismo para destacadas empresas entre ellas, Industrias Cosmic, SAU.

Dedicado a la rehabilitación de edificios en Barcelona y Londres.

2013

Fancy

When less is more. Furniture with washbasin, wall and counter top washbasins. Compacted collection and also adaptable to all spaces and needs. Warm and refined forms, because of its rounded edges.

Cuando menos es más. Muebles con lavabo, lavabos a pared y de sobreencimera. Colección compacta y a la vez adaptable a todos los espacios y necesidades. Formas cálidas y depuradas gracias a sus cantos redondeados.

Cosmic Studio

2015

Global Container

Simple lines and innovative concepts reveal an ultracontemporary collection.

Una colección ultra contemporánea por sus líneas básicas y conceptos innovadores.

Xavier Claramunt y Miquel de Mas

Container

The reedition of the original collection with fine materials creates elegant and unique environments.

La reedición de la colección original con materiales nobles permite crear espacios elegantes y únicos.

Suite

After thirty years of creating exclusive bathrooms, Cosmic is going the extra mile with the launch of its first collection of high quality screens and partitions.

Después de treinta años de experiencia creando los mejores entornos de baño, Cosmic da un paso adelante y lanza al mercado su primera colección de mamparas y divisorias de alta gama.

The Grid

Parallel lines which frame objects specifically designed for an architecturally engineered bathroom.

Líneas paralelas que enmarcan objetos dedicados a un baño concebido desde la óptica arquitectónica.

Self & soft close with new rail system which can be completely removed. The inside of the drawers is comprised of compartments so that items can be neatly organized.

Apertura y cierre amortiguado con guías de extracción total ocultas soft & self close. El interior de los cajones se presenta con contenedores para distribuir los utensilios de forma organizada.

The drawers, with a handle in the side, are completely removable to let the most pleasant use.

Los cajones, con tirador integrado en el lateral, se extraen totalmente permitiendo un uso muy cómodo.

Block has successfully passed the high demanding tests of long last durability and resistance to extreme uses (static charge or impact testing) to assure long last durability of the product.

Toda la gama **Block** ha superado con éxito exigentes tests de durabilidad y resistencia a usos extremos (cargas estáticas o test de impacto), para asegurar una larga vida al producto.

Leg set (optional).

Pies opcionales.

Eco friendly: furniture made in Spain with certified wood board (PEFC/FSC) following the chain of custody in forestry.

Producto ambientalmente responsable: muebles fabricados en España con tableros de madera certificada (PEFC/FSC) conforme la cadena de custodia de productos forestales.

Cabinet with aluminium shelves.

Armario con estantes en aluminio.

Lacquered finishing and high quality laminate. Colours unalterable.

Acabados lacados de alta gama. Los tonos se mantienen inalterables a lo largo del tiempo.

100% recyclable: 100% of the material can be recovered.

Reciclable 100%: puede ser reemplazado y utilizado al final de la vida como inerte.

 **CRISTALPLANT®
BIOBASED**

Less CO₂: 30% lighter which not only allows for easier manipulation and installation but produces less CO₂ than other similar products.

Menos CO₂: composición muy ligera, ha reducido su peso específico en un 30%, produciendo, por tanto, menos CO₂ con respecto a productos similares disponibles actualmente en el mercado, además de facilitar su manipulación e instalación.

Solid Surface Biobased Washbasins

Cristalplant® Biobased Washbasins: unique compound material, technologically advanced, made up of 50% natural minerals (aluminium trihydrate -ATH- derived from bauxite) and 50% high-purity polyester bioresins. An inert, hypoallergenic, non-toxic material.

Solid Surface Biobased Washbasins

Lavabos de Cristalplant® Biobased: material compuesto, tecnológicamente avanzado y único, formado por un 50% de minerales naturales (trihidrato de aluminio -ATH- derivado de la bauxita) y un 50% de biorresinas de poliéster de gran pureza; se trata, por lo tanto, de un material inerte, hipoalérgico y no tóxico.

Plant resins: this is the first ecologically sustainable solid surface derived from plant resins mixed with highly pure natural minerals. Some 30% of the resin component, formerly of fossil origin, has been replaced with polyesters of plant origin from certified growers.

Resinas de origen vegetal: es el primer solid surface eco sostenible que deriva de materias primas resinosa de origen vegetal mezcladas con minerales inertes y naturales de extrema pureza. El 30% de la resina, anteriormente de origen fósil, ha sido substituida por poliésteres de origen vegetal procedentes de cultivos certificados.

Non-GMO: VOC (Volatile organic compounds) and BIO-BASED points awarded for the eco-sustainability certificate "Leadership in Energy and Environmental Design". This material has been certified as containing resins derived from vegetable starches and non-GMO corn. While the minimum requirement is 5%, these resins reach 12% in our product.

Sin OGM: es un material idóneo para obtener puntuación VOC (Compuestos Orgánicos Volátiles) y BIO-BASED para el certificado de eco-sostenibilidad "Leadership in Energy and Environmental Design". El material obtuvo el certificado que confirma que las resinas derivan de almidones vegetales y maíz sin OGM (organismos genéticamente modificados); en el material, dichas resinas superan incluso el 12%, cuando el requisito mínimo es normalmente del 5%.

Washbasins | Lavabos

Durable and recoverable: this material regains its original appearance using soapy water and a scrubber which will eliminate even cigarette burns. The durable and recoverable nature make this is an eco-compatible material.

Duradero y recuperable: material que puede recuperar completamente su aspecto original utilizando simplemente detergentes y estropajos abrasivos para eliminar incluso las quemaduras de cigarrillo. Sus propiedades de duración y capacidad de recuperación lo convierten en un material eco-compatible.

The hidden click-clack drain valve can be easily open and close by pressing the cover.

Al presionar la tapa abrimos o cerramos la válvula automática oculta click-clack.

Optimum ultraviolet resistance: compact, non-porous, hygienic, resistant and pleasant to the touch thanks to the velvety finish, similar to natural stone.

Óptima resistencia a los rayos ultravioletas: es compacto, no poroso, higiénico, resistente y agradable al tacto gracias a su acabado aterciopelado, similar al de la piedra natural.

Highly fire resistant: the material is practically fireproof, with Class 1 fire resistance rating.

Alta resistencia al fuego: es prácticamente ignífugo, con certificado de resistencia al fuego Clase 1.

The drawers, with an integrated handle in the side, are completely removable to let the most pleasant use.

Los cajones, con tirador integrado en el lateral, se extraen totalmente permitiendo un uso más cómodo.

Leg set (optional).

Pies opcionales.

Hidden self & soft close with new rail system which can be completely removed. The long lasting durability of drawers is assured by quality control tests (up to 20,000 cycles).

Apertura y cierre amortiguado con nuevas guías de extracción total ocultas soft & self close. La durabilidad de los cajones está asegurada ya que han superado con éxito hasta 20.000 ciclos en los test de control de calidad.

Best use of storage space thanks to the depth of the drawers. Inner drawers of anthracite colors. Divided container which can be shifted to let the most suitable use of personal space.

Optimización del espacio gracias a una mayor profundidad de los cajones. Interiores de color antracita, con un separador móvil que permite una organización del espacio personal.

Lacquered and high quality laminate finishes. High resistance to abrasion, waterproof and easy maintenance. Colours unalterable.

Acabados lacados y laminados de alta gama. Gran resistencia a la abrasión, impermeables y de fácil limpieza. Los tonos se mantienen inalterables a lo largo del tiempo.

Eco friendly: furniture made in Spain with certified wood board (PEFC/FSC) following the chain of custody in forestry.

Producto ambientalmente responsable: muebles fabricados en España con tableros de madera certificada (PEFC/FSC) conforme la cadena de custodia de productos forestales.

TECKSTONE

5
YEARS
GUARANTEE
AÑOS
GARANTÍA

Washbasins made of Teckstone, advanced formula composed of natural minerals (calcium carbonate and quartz) mixed with resin and covered by a Gelcoat Premium Maxguard. High resistance to UVA rays and attack of chemical products.

Lavabos de Teckstone, formulación avanzada compuesta de minerales naturales (carbonato de calcio y cuarzo) mezclados con resina y recubiertos con una película Gelcoat Premium Maxguard. Alta resistencia a los rayos UVA y ataque de productos químicos.

Long or short cabinet with fumed glass shelves.

Armario alto o bajo con estantes en cristal "fumé".

The hidden click-clack drain valve can be easily open and close by pressing the cover.

Al presionar la tapa abrimos o cerramos la válvula automática oculta click-clack.

It gives the possibility to adding built-in plugs.

Posibilidad de incorporar enchufes en el interior.

Block Evo has successfully passed the high demanding tests of long last durability and resistance to extreme uses (static charge or impact testing) to assure long last durability of the product.

Toda la gama **Block Evo** ha superado con éxito exigentes tests de durabilidad y resistencia a usos extremos (cargas estáticas o test de impacto), para asegurar una larga vida al producto.

Block Evo

The washbasin stands on stainless steel legs in a glossy finish, offering towel rack function.

El lavabo descansa sobre unas patas de acero inoxidable en acabado brillo, que ofrecen la función de toallero.

The washbasin follows the original shape and design faithfully. A piece that combines the latest CNC (computer numerical control) technology with the most exclusive materials: Carrara, Marquina and Brescia marble (matte and glossy finish).

El lavabo es fiel a la forma y al diseño original. Una pieza que combina la última tecnología CNC (control numérico) con los materiales mas exclusivos Mármol Carrara, Marquina y Brescia (en mate y brillo).

Special hook for bathrobes.

Colgador especial para albornoces.

The revolving mirror measuring 1.90 m high, it allows for a full length view. The angle at which it turns means that shelving for box containers can be hidden from view behind it.

Espejo giratorio de 1,90 m, posibilita que una persona se refleje totalmente. El ángulo de giro permite esconder detrás de él estantes donde depositar cajas-container.

Eco friendly: furniture made in Spain with certified wood board (PEFC/FSC) following the chain of custody in forestry.

Producto ambientalmente responsable: muebles fabricados en España con tableros de madera certificada (PEFC/FSC) conforme la cadena de custodia de productos forestales.

Trolley, bench, stool, containers and tray made in moisture resistant MDF with a natural wood veneer, protected by an ecological 100% water-based varnish with anti-glare properties, which creates a matte finish.

Carro, banqueta y taburete, contenedores y bandeja fabricados con MDF hidrófugo con chapa de madera natural, protegida con barniz ecológico 100% al agua, con propiedades antireflectantes, que le confiere un acabado mate.

Design by Claramunt De Mas

Porcelain washbasin designed to be fitted to a wall, streamlined outline and large 55x55 cm dimensions.

Lavabo de porcelana diseñado para instalación a pared, de líneas depuradas y grandes dimensiones 55x55 cm.

Bowl-shaped basin which acts as a storage for water. The design itself encourages water savings in daily use. Basin overflow comprising four holes which function as a soap holder.

Seno en forma de bol, que sirve de depósito para almacenar el agua. El propio diseño fomenta el ahorro en las acciones cotidianas. Rebosadero de cuatro agujeros que tienen la función de jabonera.

Option to add a towel rack, a towel shelf or both.

Posibilidad de añadir un toallero, un toallero repisa o ambas opciones a la vez.

Large capacity drawer with two containers inside to facilitate storage.

Cajón de gran capacidad con dos containers en su interior que facilitan el almacenaje.

The drawer modules are suspended and can be placed where needed.

Los módulos de los cajones quedan suspendidos pudiendo ser colocados donde se necesite.

Eco friendly: furniture made in Spain with certified wood board (PEFC/FSC) following the chain of custody in forestry. Lacquered finishing high quality. Colours unalterable.

Producto ambientalmente responsable: muebles fabricados en España con tableros de madera certificada (PEFC/FSC) conforme la cadena de custodia de productos forestales. Acabados lacados de alta gama. Los tonos se mantienen inalterables a lo largo del tiempo.

Remote controlled applies with bi-LED technology, to regulate intensity and warmth.

Aplique con tecnología bi-LED, que incluye mando para regular la intensidad y calidez de la luz.

Shelving and mirror have combined together in this collection to become a "wall-less" dressing room with a mirror which slides through the shelves, hiding or revealing the items inside.

Estantes y espejo se han fusionado en esta colección convirtiéndose en un armario camerino sin "paredes" en el que el espejo desliza por los estantes ocultando o dejando al descubierto los objetos de uso diario.

Modular

Design by Àlex Armenter

Self & soft close with new rail system which can be completely removed. The long lasting durability of drawers is assured by quality control tests (up to 20,000 times).

Apertura y cierre amortiguado con guías de extracción total ocultas soft & self close. La durabilidad de los cajones está asegurada ya que han superado con éxito hasta 20.000 ciclos en los test de control de calidad.

Straight edged fittings furniture available in two depths, 45 and 55 cm. Units available in various widths, from 30 to 100 cm. New units, 25 or 50 cm high, that allow for an infinite number of combinations.

Mobiliario de estética lineal con dos profundidades, de 45 y 55 cm. Múltiples anchos de mueble disponibles, de 30 a 100 cm. Nuevos módulos de 25 y 50 cm de altura, que permiten crear infinitas combinaciones.

Units include an optional storage systems such as containers, dividers and a hanging wastebaskets.

Módulos que integran sistemas opcionales de almacenaje y orden como containers, separadores y papelera.

The drawers, with a handle, are completely removable to let the most pleasant use.

Los cajones, con tirador integrado, se extraen totalmente permitiendo un uso más cómodo.

Furniture | Muebles

Eco friendly: furniture made in Spain with certified wood board (PEFC/FSC) following the chain of custody in forestry. Lacquered finishing and high quality laminate.

Producto ambientalmente responsable: muebles fabricados en España con tableros de madera certificada (PEFC/FSC) conforme la cadena de custodia de productos forestales. Acabados lacados y laminados de alta gama.

Modular has successfully passed the high demanding tests of long-lasting durability and resistance to extreme uses (static charge or impact testing) to assure long-lasting durability of the product.

Toda la gama **Modular** ha superado con éxito exigentes tests de durabilidad y resistencia a usos extremos (cargas estáticas o test de impacto), para asegurar una larga vida al producto.

Leg set (optional).

Pies opcionales.

The wardrobes and front parts of the doors do not have handles thanks to the Touch Latch Senso® (Push-Open) opening system.

Los frontales de muebles y armarios están libres de tiradores gracias al sistema de apertura Touch Latch Senso® (Push-Open).

Easy wall fixing & adjustable attachment systems.

Fácil anclaje a pared y sistemas de fijación regulables.

Modular offers three types of countertop: continuous countertops with a built in sink, only available in Cristalplant®; countertops (in Cristalplant®, vitrified steel or phenolic resin) adapted for combination with our washbasins made of vitrified steel; and countertops (available in all three materials) which are equipped to install our Modular above-counter sinks. The three countertops are suitable to cover a width range from 60 cm to 3 metres.

Modular ofrece tres tipos de encimera: encimeras continuas con seno integrado, sólo disponibles en Cristalplant®; encimeras (en Cristalplant®, acero vitrificado o resina fenólica) adaptadas para combinar con nuestros lavabos para encastrar de acero vitrificado; y encimeras (disponibles en los tres materiales) con la mecanización necesaria para instalar nuestros lavabos de sobre-encimera Modular. Las tres encimeras permiten cubrir anchos desde 60 cm hasta los 3 metros.

Cristalplant® a technologically advanced and unique compound, made up of high percentage of mineral extenders from nature (ATH derived from bauxite) as well as a small one of high-pureness polyester and acrylic polymers. Strongly UV-resistant.

Cristalplant®, material compuesto por un porcentaje elevado de minerales naturales (trihidrato de aluminio -ATH- derivado de la bauxita) y un bajo porcentaje de polímeros poliésteres y acrílicos de gran pureza. Óptima resistencia a los rayos ultravioletas.

PHENOLIC RESIN

5
YEARS
GUARANTEE
AÑOS
GARANTÍA

Phenolic Resin: Synthetic thermosetting resin, very resistant to heat and water (5 year guarantee).

Resina Fenólica: resina sintética termoestable muy resistente al calor y al agua (garantía de 5 años).

High safety tempered glass.

Vidrio templado de alta seguridad.

Modular Plan

www.icosmic.com

With **Modular Plan** you can try out multiple combinations until you find something that really corresponds with the tastes or needs of your clients. Please see some examples below of combinations that you can use as a guide. We would like to invite you to take a look at our website (www.icosmic.com) and to use Modular Plan. It is a finely honed tool that offers a comprehensive range of products to create different environments: washbasins, furniture, faucets, mirrors and lighting. modular plan.

Con **Modular Plan** podrá realizar múltiples combinaciones hasta encontrar la que realmente se acomode a los gustos o necesidades de sus clientes. A continuación presentamos unos ejemplos de conjuntos que le pueden servir de guía. Le invitamos a que acceda a nuestra web (www.icosmic.com) y que utilice Modular Plan. Es una herramienta ágil que contiene una completa gama de producto para diseñar sus ambientes: lavabos, mobiliario, griferías, espejos e iluminación.

Modular Plan is a new planning tool designed to configure the bathroom space with the innovative Modular furniture system. This new tool enables you to experiment by combining deeps, sizes and colours until you find the perfect solution for your customers' needs and tastes. For full information and to aid sales, Modular Plan can provide a completely personalised quotation.

Modular Plan es una herramienta de planificación muy útil diseñada para la configuración del espacio del baño con el sistema de mobiliario Modular. Con esta herramienta usted podrá experimentar combinando profundidades, medidas y colores hasta encontrar la solución perfecta a las necesidades y gustos de sus clientes. Para completar la información y facilitarle la venta, Modular Plan le permite obtener un presupuesto totalmente personalizado.

WHAT DOES MODULAR PLAN GIVE YOU?

- An easy, flexible and intuitive method that enables you to create as many bathroom compositions as you wish.
- A full product range to design your ambiances: washbasins, unit, taps, mirrors and lighting.
- A customised layout.
- Possibility of personalising your bathroom space with different sizes, depths, material, colours and accessories.
- Space creations with plan and elevation views.
- Final quotation of your composition and price of each piece selected.
- Full information in 7 languages: Spanish, Portuguese, English, French, Italian, German and Dutch.

¿QUÉ LE OFRECE MODULAR PLAN?

- Una manera fácil, ágil e intuitiva que le permite crear tantas composiciones de baño como desee.
- Una completa gama de producto para diseñar sus ambientes: lavabos, mobiliario, griferías, espejos e iluminación.
- Configuración del espacio a su medida.
- Posibilidad de personalizar su espacio de baño con diferentes tamaños, profundidades, materiales, colores y complementos.
- Creación de espacios con vistas en planta y alzado.
- Presupuesto final de su composición y precio de cada una de las piezas seleccionadas.
- Toda la información en 7 idiomas: español, portugués, inglés, francés, italiano, alemán y holandés.

HOW DOES MODULAR PLAN WORK?

Modular Plan available in www.icosmic.com

- Access for final consumer. No prices.
- Access for authorised distributor with personal access key (provided by our sales team). Prices available.

¿CÓMO UTILIZAR MODULAR PLAN?

Pronto en nuestra página web www.icosmic.com

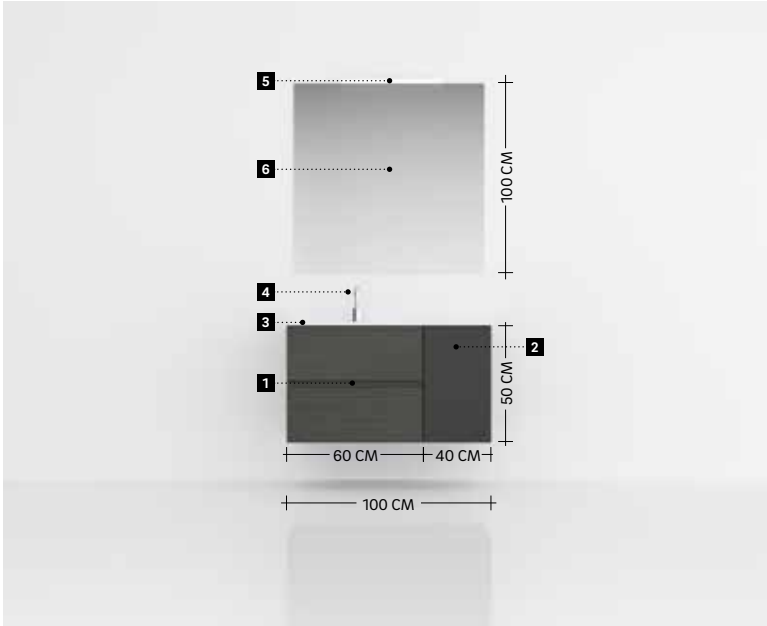

- Acceso para consumidor final. Sin precios.
- Acceso para distribuidor autorizado con clave de acceso personal (facilitada por nuestro equipo comercial). Tarifa disponible.

Design by Ricard Ferrer

Plant resins: this is the first ecologically sustainable solid surface derived from plant resins mixed with highly pure natural minerals. Some 30% of the resin component, formerly of fossil origin, has been replaced with polyesters of plant origin from certified growers.

Resinas de origen vegetal: es el primer solid surface eco sostenible que deriva de materias primas resinosas de origen vegetal mezcladas con minerales inertes y naturales de extrema pureza. El 30% de la resina, anteriormente de origen fósil, ha sido substituida por poliésteres de origen vegetal procedentes de cultivos certificados.

**CRISTALPLANT®
BIOBASED**

Matching items. The washbasin may be installed alone or attached to a one-drawer unit. Another lower module with a shelf or removable dish may be added to the set.

Elementos combinables. Se puede instalar el lavabo sólo o unido a un mueble de un cajón. Al conjunto se le puede añadir otro módulo inferior con estante o bandeja extraíble.

Non-GMO: VOC (Volatile organic compounds) and BIO-BASED points awarded for the eco-sustainability certificate "Leadership in Energy and Environmental Design". This material has been certified as containing resins derived from vegetable starches and non-GMO corn. While the minimum requirement is 5%, these resins reach 12% in our product. 100% Recyclable: can be replaced and used at the end of life as inert.

Sin OGM: es un material idóneo para obtener puntuación VOC (Compuestos Orgánicos Volátiles) y BIO-BASED para el certificado de eco-sostenibilidad "Leadership in Energy and Environmental Design". El material obtuvo el certificado que confirma que las resinas derivan de almidones vegetales y maíz sin OGM (organismos genéticamente modificados); en el material, dichas resinas superan incluso el 12%, cuando el requisito mínimo es normalmente del 5%. Reciclable 100%: puede ser reemplazado y utilizado al final de la vida como inerte.

Practical container to store water for various purposes, such as shaving.

Práctico contenedor para retener el agua para ciertos usos como el afeitado.

Less CO₂: 30% lighter which not only allows for easier manipulation and installation but produces less CO₂ than other similar products.

Menos CO₂: composición muy ligera, ha reducido su peso específico en un 30%, produciendo, por tanto, menos CO₂ con respecto a productos similares disponibles actualmente en el mercado, además de facilitar su manipulación e instalación.

Space optimisation thanks to the moveable smoked glass dividers.

Optimización del espacio gracias al sistema de separadores móviles en vidrio fumé.

Furniture | Muebles

Eco friendly: furniture made in Spain with certified wood board (PEFC/FSC) following the chain of custody in forestry. Lacquered finishing and high quality laminate. Colours unalterable over time.

Producto ambientalmente responsable: muebles fabricados en España con tableros de madera certificada (PEFC/FSC) conforme la cadena de custodia de productos forestales. Acabados lacados y chapados de alta gama. Los tonos se mantienen inalterables a lo largo del tiempo.

Push open & soft close: Self & soft close with new rail system which can be completely removed. The long lasting durability of drawers is assured by quality control tests (up to 20,000 times).

Push open & soft close: Apertura y cierre amortiguado con guías de extracción total ocultas. La durabilidad de los cajones está asegurada ya que han superado con éxito hasta 20.000 ciclos en los test de control de calidad.

Modules with fixed shelf or sliding drawer.

Módulos con estante fijo o cajón deslizante.

The Grid range has successfully passed the high demanding tests of long last durability and resistance to extreme uses (static charge or impact testing) to assure long last durability of the product.

Toda la gama **The Grid** ha superado con éxito exigentes tests de durabilidad y resistencia a usos extremos (cargas estáticas o test de impacto), para asegurar una larga vida al producto.

Possibility to incorporate LED lighting (which lights up automatically on opening the drawer), sockets and 2x15 W stereo speakers with Bluetooth connection.

Posibilidad de incorporar luz LED que se ilumina automáticamente al abrir el cajón, enchufes y altavoces estéreo con conexión Bluetooth de 2x15W de potencia.

4.8 W LED wall lamps with a 4000 k neutral white light (not cold) and transformer hidden in the supporting bracket.

Apliques LED con una luz neutra (no fría) de 4000k y de 4,8W de potencia y transformador oculto en el brazo del soporte.

Mirror cabinets with fumed glass shelves.

Armarios espejo con estantes en cristal fumé.

Compact

Design by **Cosmic Studio**

Be part of the most personal moments.
The Compact bathroom collection achieves
this air of complicity, with dual functions
such as integrated storage drawers.

Ser partícipe de los momentos más personales.
Con la colección de lavabos Compact esta
complicidad se consigue, ofreciendo funciones
alternativas a la propia como los cajones
de almacenamiento integrados.

Solid Surface Biobased Washbasins

Cristalplant® Biobased Washbasins: unique compound material, technologically advanced, made up of 50% natural minerals (aluminium trihydrate -ATH- derived from bauxite) and 50% high-purity polyester bioresins. An inert, hypoallergenic, non-toxic material.

Solid Surface Biobased Washbasins

Lavabos de Cristalplant® Biobased: material compuesto, tecnológicamente avanzado y único, formado por un 50% de minerales naturales (trihidrato de aluminio -ATH- derivado de la bauxita) y un 50% de biorresinas de poliéster de gran pureza; se trata, por lo tanto, de un material inerte, hipoalérgico y no tóxico.

Plant resins: this is the first ecologically sustainable solid surface derived from plant resins mixed with highly pure natural minerals. Some 30% of the resin component, formerly of fossil origin, has been replaced with polyesters of plant origin from certified growers.

Resinas de origen vegetal: es el primer solid surface eco sostenible que deriva de materias primas resinosa de origen vegetal mezcladas con minerales inertes y naturales de extrema pureza. El 30% de la resina, anteriormente de origen fósil, ha sido substituida por poliésteres de origen vegetal procedentes de cultivos certificados.

100% recyclable: 100% of the material can be recovered.

Reciclable 100%: puede ser reemplazado y utilizado al final de la vida como inerte.

**CRISTALPLANT®
BIOBASED**

Less CO₂: 30% lighter which not only allows for easier manipulation and installation but produces less CO₂ than other similar products.

Menos CO₂: composición muy ligera, ha reducido su peso específico en un 30%, produciendo, por tanto, menos CO₂ con respecto a productos similares disponibles actualmente en el mercado, además de facilitar su manipulación e instalación.

Non-GMO: VOC (Volatile organic compounds) and BIO-BASED points awarded for the eco-sustainability certificate "Leadership in Energy and Environmental Design". This material has been certified as containing resins derived from vegetable starches and non-GMO corn. While the minimum requirement is 5%, these resins reach 12% in our product.

Sin OGM: es un material idóneo para obtener puntuación VOC (Compuestos Orgánicos Volátiles) y BIO-BASED para el certificado de eco-sostenibilidad "Leadership in Energy and Environmental Design". El material obtuvo el certificado que confirma que las resinas derivan de almidones vegetales y maíz sin OGM (organismos genéticamente modificados); en el material, dichas resinas superan incluso el 12%, cuando el requisito mínimo es normalmente del 5%.

Durable and recoverable: this material regains its original appearance using soapy water and a scrubber which will eliminate even cigarette burns. The durable and recoverable nature make this is an eco-compatible material.

Duradero y recuperable: material que puede recuperar completamente su aspecto original utilizando simplemente detergentes y estropajos abrasivos para eliminar incluso las quemaduras de cigarrillo. Sus propiedades de duración y capacidad de recuperación lo convierten en un material eco-compatible.

Highly fire resistant: the material is practically fireproof, with Class 1 fire resistance rating.

Alta resistencia al fuego: es prácticamente ignífugo, con certificado de resistencia al fuego Clase 1.

Easy wall fixing. Integrated drawer.

Fácil anclaje a pared. Cajón Integrado.

Optimum ultraviolet resistance: compact, non-porous, hygienic, resistant and pleasant to the touch thanks to the velvety finish, similar to natural stone.

Óptima resistencia a los rayos ultravioletas: es compacto, no poroso, higiénico, resistente y agradable al tacto gracias a su acabado aterciopelado, similar al de la piedra natural.

CRISTALPLANT

Design by Claramunt De Mas

The washbasin follows the original shape and design faithfully. A piece that combines the latest CNC (computer numerical control) technology with the most exclusive materials: Carrara, Marquina and Brescia marble (matte and glossy finish).

El lavabo es fiel a la forma y al diseño original. Una pieza que combina la última tecnología CNC (control numérico) con los materiales mas exclusivos Mármol Carrara, Marquina y Brescia (en mate y brillo).

The washbasin stands on stainless steel legs in a glossy finish, offering towel rack function.

El lavabo descansa sobre unas patas de acero inoxidable en acabado brillo, que ofrecen la función de toallero.

723120601
WASHBASIN WITH 2 DRAWERS AND TRAP
LAVABO CON 2 CAJONES Y SIFÓN
(40X26,5X40 CM)

The combination of organic
and compact gives the perfect result.
A collection with the tranquillity
and wellbeing of the bathroom
in mind.

La mezcla entre lo orgánico y lo
compacto da el resultado perfecto.
Una colección especialmente ideada
para el relax y el bienestar en el
espacio de baño.

Solid Surface Biobased Washbasins

Cristalplant® Biobased Washbasins: unique compound material, technologically advanced, made up of 50% natural minerals (aluminium trihydrate -ATH- derived from bauxite) and 50% high-purity polyester bioresins. An inert, hypoallergenic, non-toxic material.

Solid Surface Biobased Washbasins

Lavabos de Cristalplant® Biobased: material compuesto, tecnológicamente avanzado y único, formado por un 50% de minerales naturales (trihidrato de aluminio -ATH- derivado de la bauxita) y un 50% de biorresinas de poliéster de gran pureza; se trata, por lo tanto, de un material inerte, hipoalérgico y no tóxico.

Plant resins: this is the first ecologically sustainable solid surface derived from plant resins mixed with highly pure natural minerals. Some 30% of the resin component, formerly of fossil origin, has been replaced with polyesters of plant origin from certified growers.

Resinas de origen vegetal: es el primer solid surface eco sostenible que deriva de materias primas resinosa de origen vegetal mezcladas con minerales inertes y naturales de extrema pureza. El 30% de la resina, anteriormente de origen fósil, ha sido substituida por poliésteres de origen vegetal procedentes de cultivos certificados.

100% recyclable: 100% of the material can be recovered.

Reciclable 100%: puede ser reemplazado y utilizado al final de la vida como inerte.

CRISTALPLANT®
BIOBASED

Less CO₂: 30% lighter which not only allows for easier manipulation and installation but produces less CO₂ than other similar products.

Menos CO₂: composición muy ligera, ha reducido su peso específico en un 30%, produciendo, por tanto, menos CO₂ con respecto a productos similares disponibles actualmente en el mercado, además de facilitar su manipulación e instalación.

Non-GMO: VOC (Volatile organic compounds) and BIO-BASED points awarded for the eco-sustainability certificate "Leadership in Energy and Environmental Design". This material has been certified as containing resins derived from vegetable starches and non-GMO corn. While the minimum requirement is 5%, these resins reach 12% in our product.

Sin OGM: es un material idóneo para obtener puntuación VOC (Compuestos Orgánicos Volátiles) y BIO-BASED para el certificado de eco-sostenibilidad "Leadership in Energy and Environmental Design". El material obtuvo el certificado que confirma que las resinas derivan de almidones vegetales y maíz sin OGM (organismos genéticamente modificados); en el material, dichas resinas superan incluso el 12%, cuando el requisito mínimo es normalmente del 5%.

Durable and recoverable: this material regains its original appearance using soapy water and a scrubber which will eliminate even cigarette burns. The durable and recoverable nature make this is an eco-compatible material.

Duradero y recuperable: material que puede recuperar completamente su aspecto original utilizando simplemente detergentes y estropajos abrasivos para eliminar incluso las quemaduras de cigarrillo. Sus propiedades de duración y capacidad de recuperación lo convierten en un material eco-compatible.

Integrated soap dish and drawer.
Optional towel holder incorporated.

Jabonera y cajón integrados.
Toallero incorporado opcional.

Highly fire resistant: the material is practically fireproof, with Class 1 fire resistance rating.

Alta resistencia al fuego: es prácticamente ignífugo, con certificado de resistencia al fuego Clase 1.

Optimum ultraviolet resistance: compact, non-porous, hygienic, resistant and pleasant to the touch thanks to the velvety finish, similar to natural stone.

Óptima resistencia a los rayos ultravioletas: es compacto, no poroso, higiénico, resistente y agradable al tacto gracias a su acabado aterciopelado, similar al de la piedra natural.

Container

Design by Claramunt De Mas

775 85 25
REVOLVING MIRROR + TOWEL RACK SHELF + HOOK
ESPEJO GIRATORIO + TOALLERO ESTANTE + COLGADOR
(57,5X37,6X198,6 CM)

775 85 23
REVOLVING MIRROR + 4 TOWEL RACKS SHELF
ESPEJO GIRATORIO + 4 TOALLEROS ESTANTE
(57,5X37,6X198,6 CM)

The revolving mirror measuring 1.90 m high, it allows for a full length view. The angle at which it turns means that shelving for box containers can be hidden from view behind it.

Espejo giratorio de 1,90 m, posibilita que una persona se refleje totalmente. El ángulo de giro permite esconder detrás de él estantes donde depositar cajas-container.

Special hook for bathrobes.

Colgador especial para albornoces.

SLIDING MIRROR
ESPEJO CORREDERO
(100X12,5X85 CM)

Global Container

Design by **Claramunt De Mas**

Shelving and mirror have combined together in this collection to become a "wall-less" dressing room with a mirror which slides through the shelves, hiding or revealing the items inside.

Estantes y espejo se han fusionado en esta colección convirtiéndose en un armario camerino sin "paredes" en el que el espejo desliza por los estantes ocultando o dejando al descubierto los objetos de uso diario.

Remote controlled applies with bi-LED technology, to regulate intensity and warmth.

Aplique con tecnología bi-LED, que incluye mando para regular la intensidad y calidez de la luz.

The Grid

Design by **Ricard Ferrer**

The Grid

Design by Ricard Ferrer

Mirror cabinets with fumed glass shelves.

Armarios espejo con estantes en cristal fumé.

Eco friendly: furniture made in Spain with certified wood board (PEFC/FSC) following the chain of custody in forestry. Lacquered finishing and high quality laminate. Colours unalterable over time.

Producto ambientalmente responsable: muebles fabricados en España con tableros de madera certificada (PEFC/FSC) conforme la cadena de custodia de productos forestales. Acabados lacados y chapados de alta gama. Los tonos se mantienen inalterables a lo largo del tiempo.

Parallel lines which frame objects specifically designed for an architecturally engineered bathroom.

Líneas paralelas que enmarcan objetos dedicados a un baño concebido desde la óptica arquitectónica.

DUAL SYSTEM / SISTEMA DUAL

Our updated Architect collection now includes a dual installation system for installing bathroom accessories with or without a drill. Smart-fix adhesive, designed exclusively for our firm, means that bathroom accessories can be installed without drilling holes in the wall.

La colección Architect presenta como novedad el sistema de instalación dual, que permite sujetar los accesorios de baño con y sin taladros. Con el adhesivo Smart-fix, elaborado en exclusiva para la firma, se facilita el montaje sin la necesidad de hacer agujeros en la pared.

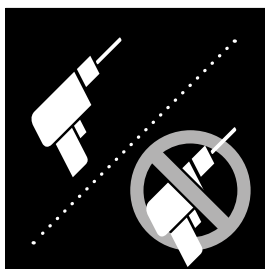

FEATURES / CARACTERÍSTICAS

Easy installation: double pitch screw. Hidden attachments. Anti-corrosion.

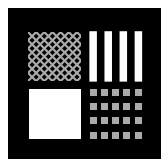

Fácil instalación: tornillo de doble paso. Fijaciones ocultas. Anticorrosión.

Architect has successfully passed the high demanding tests of long last durability and resistance to extreme uses (static charge or impact testing) to assure long last durability of the product.

Toda la gama Architect ha superado con éxito exigentes tests de durabilidad y resistencia a usos extremos (cargas estáticas o test de impacto), para asegurar una larga vida al producto.

DUAL SYSTEM

Works with different surfaces*

Black & White

Design by **Cosmic Studio**

The classic colour contrast transforms the bathroom into a bold atmosphere or blends it in to the other components to create harmonious and diaphanous environments.

El contraste cromático más clásico permite transformar el baño en un ambiente atrevido o bien fundirse con el resto de elementos para convertir los entornos en armónicos y diáfanos.

Black & White

Design by Cosmic Studio

Black & White has successfully passed the high demanding tests of long last durability and resistance to extreme uses (static charge or impact testing) to assure long last durability of the product.

Toda la gama **Black & White** ha superado con éxito exigentes tests de durabilidad y resistencia a usos extremos (cargas estáticas o test de impacto), para asegurar una larga vida al producto.

Contract

Design by **Cosmic Studio**

Functional forms that
do not renounce the touch
of elegance that makes
them unique.

Formas funcionales que
no renuncian a ese toque
de elegancia que las convierte
en singulares.

Contract

Design by Cosmic Studio

Contract has successfully passed the high demanding tests of long last durability and resistance to extreme uses (static charge or impact testing) to assure long last durability of the product.

Toda la gama **Contract** ha superado con éxito exigentes tests de durabilidad y resistencia a usos extremos (cargas estáticas o test de impacto), para asegurar una larga vida al producto.

FEATURES / CARACTERÍSTICAS

Easy installation: double pitch screw.
Hidden attachments. Anti-corrosion.

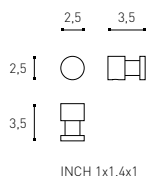

Fácil instalación: tornillo de doble paso.
Fijaciones ocultas. Anticorrosión.

The Grid

Design by Ricard Ferrer

Parallel lines which frame
objects specifically designed
for an architecturally
engineered bathroom.

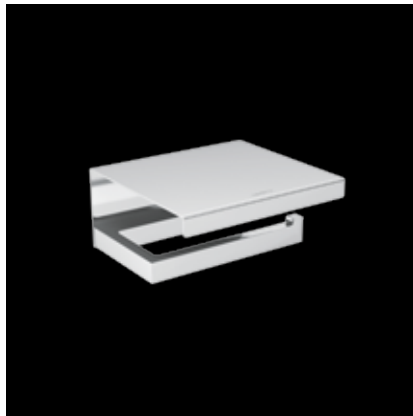

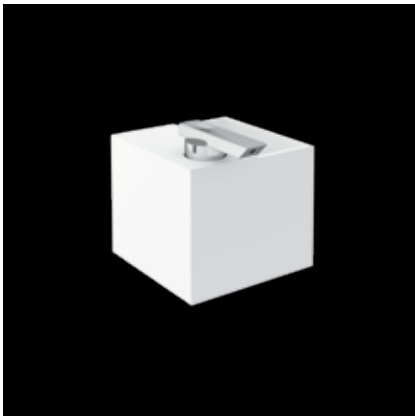

Líneas paralelas que
enmarcan objetos dedicados
a un baño concebido desde
la óptica arquitectónica.

The Grid

Design by Ricard Ferrer

FEATURES / CARACTERÍSTICAS

Hidden attachments. Anti-Corrosion. Lead free matte paint. Shelves & glasses made of acrylic glass.

Fijaciones ocultas. Anticorrosión. Pintura mate libre de plomo. Estantes y vasos fabricados en cristal acrílico.

Accessories with a ground-breaking, functional design. A commitment to innovation and modernity.

Accesorios con un diseño rompedor y funcional. Una apuesta por la innovación y la modernidad.

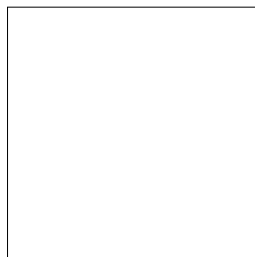

The Grid has successfully passed the high demanding tests of long last durability and resistance to extreme uses (static charge or impact testing) to assure long last durability of the product.

Toda la gama **The Grid** ha superado con éxito exigentes tests de durabilidad y resistencia a usos extremos (cargas estáticas o test de impacto), para asegurar una larga vida al producto.

Working

Design by **Cosmic Studio**

Based on pure function,
without ostentation.
Simple forms with an
extremely elegant expression.

Basada en la función pura,
sin más pretensiones.
Formas simples con un gesto
extremadamente elegante.

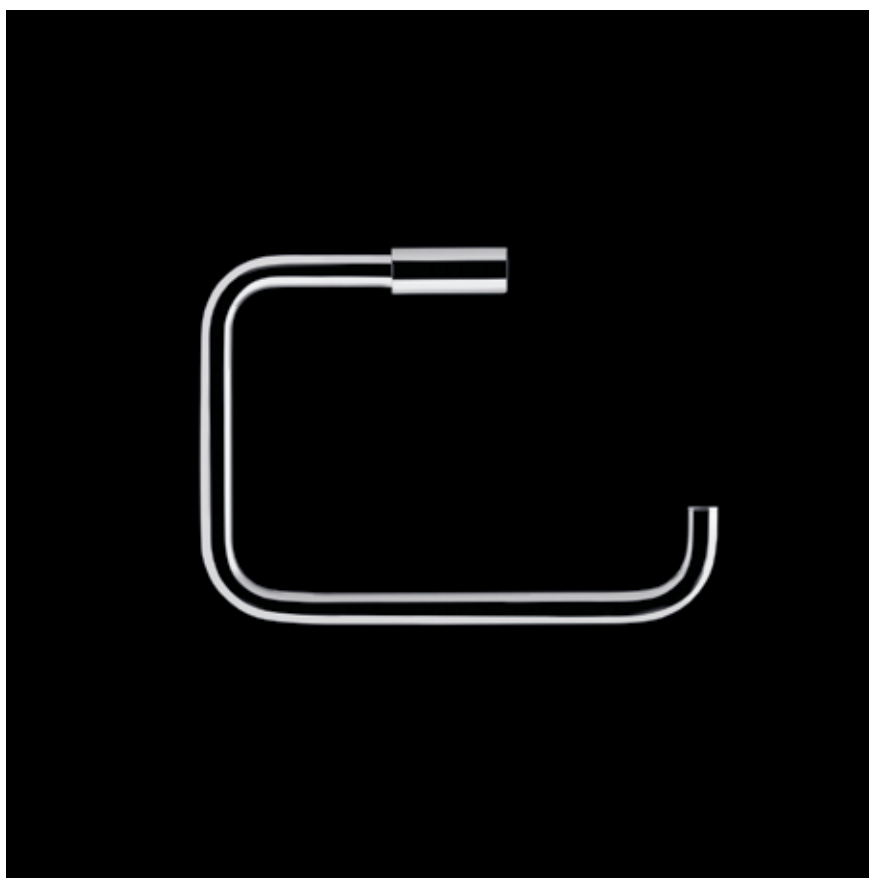

Working has successfully passed the high demanding tests of long last durability and resistance to extreme uses (static charge or impact testing) to assure long last durability of the product.

Toda la gama **Working** ha superado con éxito exigentes tests de durabilidad y resistencia a usos extremos (cargas estáticas o test de impacto), para asegurar una larga vida al producto.

FEATURES / CARACTERÍSTICAS

Easy installation: double pitch screw.
Hidden attachments. Anti-corrosion.

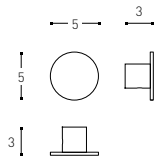

Fácil instalación: tornillo de doble paso.
Fijaciones ocultas. Anticorrosión.

Free standing accessories

Complementos

482 **Saku**

Saku

Design by **Ricard Ferrer**

Vegetable forms that grow and evolve; thus its name "saku", to flourish in japanese. Accessories with silky gloss or matt finish, ideal for nature-inspired bathrooms.

Formas vegetales que crecen y evolucionan, de ahí su nombre "saku", florecer en japonés. Complementos con acabados en brillo o mate sedoso, ideales para baños inspirados en la naturaleza.

FEATURES / CARACTERÍSTICAS

Complements in PMMA (Polymethyl methacrylate), coated in transparent paint with a gummy finish.

Complementos realizados en PMMA (poli metil metacrilato) recubiertos con pintura transparente en acabado gomoso.

Materials

FLOAT GLASS (flat shelves and washbasin tops)

This material is solely mechanized, cut, and polished. Though we utilized the most durable thickness, special care must be taken to ensure this naturally fragile material will last. To maintain the appearance of this glass, avoid contact with hard or sharp materials that could scratch the surface. Many of these products have one side engraved with acid that should be facing down to facilitate cleaning and make any possible scratching less visible. We recommend using soapy water to clean both the top and bottom surfaces.

PRESSED GLASS (glasses and soap dishes in most collections)

This material is manufactured similarly to FLOAT glass, with the added steps of melting and shaping. To maintain the appearance of this glass, avoid contact with hard or sharp materials that could scratch the surface. To clean, we recommend the use of soapy water.

TEMPERED GLASS

This material is manufactured similarly to FLOAT glass, but also undergoes a thermal processing to increase its resistance. Though stronger than FLOAT glass, the same care should be applied. To maintain the appearance of this glass, avoid contact with hard or sharp materials that could scratch the surface. To clean, we recommend the use of soapy water.

MIRRORS

As we use only top quality raw materials and follow appropriate manufacturing processes, our mirrors have maximum protection against corrosion stains. However, it is highly important to avoid rubbing or scratching the underside of any mirror during installation, as this can lead to corrosion staining over time. We recommend the use of mild cleaning agents that contain no acetones or similar substances.

SYNTHETIC RESIN (CRISTALPLANT®)

Is a technologically advanced and unique compound, made up of high percentage of mineral extenders from nature (ATH derived from bauxite) as well as a small one of high-purity polyester and acrylic polymers; therefore, it is an inert, hypoallergenic and non-toxic material. 100% recyclable, practically fireproof (class 1), strongly UV-resistant, solid and non-porous, hygienic and healthy, resistant and agreeable to the touch for its velvety and natural stone-like finish. 100% restorable, i.e. it can bring back the original state and look by simply using an abrasive sponge and a detergent, thus removing even cigarette burning rings. These properties of durability and restorability make it an eco-compatible material.

CRISTALPLANT BIOBASED®

Material made up of 50% natural minerals (aluminium trihydrate -ATH- derived from bauxite) and 50% high-purity polyester bioresins. Plant resins: this is the first ecologically sustainable solid surface, consisting of resins of plant origin and extremely pure natural minerals. It is an inert, hypoallergenic, non-toxic material. It is practically inflammable, certified Class 1 fire resistance. It is highly resistant to ultraviolet rays. It regains its original appearance with just soapy water and a scrubber.

PHENOLIC RESIN

This material is a high pressure laminate (HPL) with a decorative surface. Typically the superficial layer consists of thermo-hardened resin-treated plywood. The special texture and durability of this material makes it very resistant to impact and scratching, and it is completely waterproof. Specially designed for use in places where hygiene is of the utmost importance, this material can be cleaned frequently with active detergents, chemical agents, or organic solvents.

VENEERED WOOD

Plywood of waterproof DM + sheets of: oak or American walnut. To avoid its yellowing, they are varnished with high quality materials. This kind of surface must be treated and cleaned like many other pieces of furniture, using specific products like wood care products.

LACQUERED WOOD

This material is made from 16mm-thick double-faced waterproof MDF plywood. Its high quality varnish provides a bright or matte finish and prevents yellowing. Due to its delicate lacquered surface, we recommend the use of mild cleaning products, avoiding solvents or any abrasive substances.

PVC / PVC

Polyvinyl chloride (PVC) is a polyvinyl chloride polymer used to manufacture numerous products and is also applied in making boards, panels, windows, shutters, etc. Its durability, colour stability, watertightness and moisture proof properties make PVC an ideal material for bathroom and kitchen furniture. The material can be cleaned quickly and easily with just soap and water, although its resilience means most cleaning products can also be used.

PLASTIC

We use various technical plastics with different features to meet the manufacturing and aesthetic needs of each product. These include ABS (with or without chrome), PP, PA, PE, PC, PS, etc. We recommend maintaining decorative items the same way you would chrome brass pieces. Avoid the use of solvents.

ACRYLIC GLASS

The polymethylmethacrylate (PMMA) is known as one of the "engineering plastics", and is obtained through the polymerisation of methyl methacrylate. It stands out from other plastics due to the fact that it is impact resistant, weather resistant—as it does not undergo any significant ageing in ten years of outdoor exposure—resistant to UVA rays and scratch resistant. Due to its absolute transparency (it is the most transparent plastic), it is most commonly used in vehicle headlights, optics, medicine or partition panels. For use in architecture and decoration, it is lighter than glass and provides greater resistance to impact, meaning it can be a good substitute in many situations.

STAINLESS STEEL (bright and matte)

This material is made of certain alloys such as AISI 303, 304, 316, or 430, depending on the requirements for each item. To maintain its quality, regular maintenance must be applied. To clean this material, we recommend the use of soapy water, followed by a thorough rinsing. Finish by wiping the surface dry with a cloth or soft leather. Avoid using strong or abrasive substances, especially those containing acids or bleach. If cleaned inappropriately, this material can develop lime scale deposits that cause deterioration.

BRASS OR SIMILAR ALLOYS (bright chrome or matte chrome)

We apply a nickel or chrome coating over a brass base to make this material. To maintain its quality, regular maintenance must be applied. To clean this material, we recommend the use of soapy water, followed by a thorough rinsing. Finish by wiping the surface dry with a cloth or soft leather. Avoid using strong or abrasive substances, especially those containing acids or bleach. If cleaned inappropriately, this material can develop lime scale deposits that cause deterioration.

ALUMINUM (anodized)

We manufacture this AA6060 alloy in accordance with the required specific industrial standards. This material is protected by an anodizing treatment that also provides color and texture. To clean this material, we recommend the use of soapy water, followed by a thorough rinsing. Finish by wiping the surface dry with a cloth or soft leather. Do not use abrasive solvents, particularly those containing acids or bleach.

GLASS-LINED STEEL (VIT-TECH)

Cutting-edge, 100% recyclable, non-porous and hygienic material made from pre-enamelled steel fired at over 800°. The vitreous enamel withstands corrosion, high temperatures and chemical agents. This durability means it can be used for a wide range of functional applications in bathtubs, shower trays and washbasins, as well as for ovens and coatings. It is an easy to clean material that does not require special cleaning products.

TECKSTONE

Advanced formula composed by natural minerals (calcium carbonate and quartz) mixed with resin. The surface is covered by Gelcoat Premium Maxguard™ film, with plastic fibre and polymer, which provides the needed durability and resistance for an intensive daily use. It is a solid surface with excellent physic-mechanical properties that supplies important design possibilities. Its capacity of moulding allows reproducing forms with a great precision and with less curvature radius. Teckstone is very hard, resistant and compact; being a non porous material and without angles, it is very easy to maintain, the stains can be eliminated without effort and it is easy to clean. For the maintenance, wash with a soft cloth and dry with a chamois. We recommend not to use abrasive cloth or scourers, acid detergents, bleach ... and/or cleaning products with unknown components.

MARBLE

The Carrara marble (white matt and glossy finish) extracted from the Tuscany quarry at Carrara. With white background and its distinctive grey blue color marble vein covering the whole surface.

The Marquina marble (intense black and glossy finish), elegant and classic, extracted from the Marquina quarry (Vizcaya), characterized by its white vein. The less veins the better.

The Brescia marble (Brown matt and glossy) from the region of Lombardy (Italy). It is considered as one of the most sumptuous Italian marble.

PORCELAIN

Depending on the specifications of the item, either porcelain or porcelain stoneware is used to manufacture our washbasins (although differences between them may be imperceptible by the user). The vitrified finish gives the surface hardness, colour, shine, non-porosity and hygiene and makes this product ideal for its use. Besides this, any product designed for the bath cleaning can be used for the cleaning of this vitrified finish as well. Do not blow with hard, heavy objects as they may damage the surface or even break the product.

Materiales

VIDRIO FLOAT (Estantes y encimeras)

Realizado con vidrio tipo FLOAT estándar sin ningún otro tratamiento posterior más que la mecanización, corte y pulido necesarios. Se trata, pues, de un material que por su propia naturaleza es frágil y a pesar de que en cada caso se ha utilizado el espesor más adecuado, debe tenerse un especial cuidado en su uso. Para conseguir que el buen aspecto inicial del producto se mantenga a lo largo de los años, se recomienda no depositar artículos fabricados con materiales duros que pudieran rayar la superficie. Muchos de nuestros artículos tienen una cara gravada al ácido (mate o traslúcida). Se recomienda que esta cara mate, se instale en la cara inferior, para facilitar la limpieza, y evitar que posibles ralladuras sean más visibles. Para la limpieza de ambas superficies es suficiente con agua jabonosa.

VIDRIO PRENSADO (Vasos y jaboneras de la mayoría de nuestras series)

Material muy similar al vidrio FLOAT utilizado en estantes y encimeras, este vidrio fundido es conformado en un molde. El uso y cuidados deben ser los mismos que para estantes y encimeras.

VIDRIO TEMPLADO

Vidrio FLOAT sometido a tratamiento térmico para aumentar su resistencia.

ESPEJOS

Cosmic utiliza materia prima de primera calidad que, unido a un correcto proceso de fabricación de los espejos, aseguran la mayor protección contra las manchas por corrosión. Es importante evitar, en especial durante el proceso de instalación, roces o ralladuras en la cara oculta del espejo, que con el tiempo podrían dar origen a manchas de corrosión. Para su limpieza se recomienda utilizar productos suaves y en ningún caso acetonas o similares.

RESINA SINTÉTICA (CRISTALPLANT®)

Es un material compuesto tecnológicamente avanzado y único, formado por un porcentaje elevado de minerales naturales (trihidrato de aluminio -ATH- derivado de la bauxita) y un bajo porcentaje de polímeros poliésteres y acrílicos de gran pureza; se trata, por lo tanto, de un material inerte, hipoalérgico y no tóxico. Es un material que puede reciclarse al 100%, prácticamente ignífugo (clase 1), con una óptima resistencia a los rayos ultravioletas; es compacto, no poroso, higiénico, resistente y agradable al tacto gracias a su acabado aterciopelado, similar al de la piedra natural. Puede recuperar completamente su aspecto original utilizando simplemente detergentes y estropajos abrasivos para eliminar incluso las quemaduras de cigarrillo. Sus propiedades de duración y capacidad de recuperación lo convierten en un material ecológico.

CRISTALPLANT BIOBASED®

Material compuesto formado por un 50% de minerales naturales (trihidrato de aluminio -ATH- derivado de la bauxita) y un 50% de biorresinas de poliéster de gran pureza. Es el primer solid surface eco sostenible que deriva de materias primas resinosas de origen vegetal, procedentes de cultivos certificados, mezcladas con minerales naturales de extrema pureza. Es un material inerte, hipoalérgico y no tóxico. Es prácticamente ignífugo, con certificado de resistencia al fuego Clase 1. Presenta una óptima resistencia a los rayos ultravioletas. Puede recuperar completamente su aspecto original utilizando simplemente agua jabonosa y estropajos abrasivos.

RESINA FENÓLICA

La Resina Fenólica o Stratificato es un laminado de alta presión (HPL) con superficie decorativa. En general, la capa superficial está constituida por una superficie dura, basada en resinas de melamina, mientras que el grueso está constituido por un contrachapado impregnado de resina termo endurecida que le confiere al material una excepcional resistencia al impacto. Su especial textura y su durabilidad proporcionan a nuestros muebles una excelente resistencia al rayado. Gracias a su superficie perfectamente impermeable es un material resistente al desgaste, al agua y al vapor. A fin de dar solución a las normas más exigentes en materia de higiene, puede limpiarse frecuentemente con detergentes activos ofreciendo alta resistencia a los agentes químicos y disolventes orgánicos. Especialmente indicado para su uso en áreas donde la higiene desempeña un papel fundamental.

MADERA CHAPADA

DM hidrófugo + chapa de roble o nogal americano. Barnizado con materiales de primera calidad que evitan el amarillamiento. Este tipo de superficies deben ser tratadas y limpiadas como cualquier otro mueble, con productos específicos para la madera.

MADERA LACADA

Aglomerado DM hidrófugo de 16mm melaminado dos caras y lacado en acabados brillo y mate con barnices de primera calidad resistentes y que evitan el amarillamiento. Las superficies lacadas son delicadas y deben ser tratadas y limpiadas cuidadosamente, utilizando productos específicos para estas superficies. No usar nunca disolventes o productos abrasivos.

PVC

El cloruro de polivinilo (PVC) es un polímero de cloruro de vinilo que se emplea para la fabricación de multitud de productos, encontrando aplicación en la realización de tableros, paneles, ventanas, persianas, etc. La larga durabilidad, estabilidad del color, estanqueidad al agua y resistencia a la humedad, son las características que hacen del PVC un material idóneo para muebles de baño y de cocina. La limpieza de este material es fácil y rápida y se realiza con agua y jabón, aunque por su resistencia permite el empleo la mayoría de productos de limpieza.

PLÁSTICO

Cosmic utiliza plásticos técnicos de distintas características en función de las necesidades de fabricación y estéticas de cada producto o pieza. Entre los plásticos utilizados están: ABS (cromado o no), PP, PA, PE, PC, PS, etc. En el caso de piezas decorativas deben tenerse los mismos cuidados en la limpieza y mantenimiento que para una pieza de latón cromado. Evitar el uso de disolventes.

CRISTAL ACRÍLICO

El Polimetilmetacrilato (PMMA) es conocido como uno de los "plásticos de la ingeniería", se obtiene de la polimerización del metacrilato de metilo. Destaca frente a otros plásticos por la resistencia a los impactos, a la intemperie ya que no sufre un envejecimiento apreciable en diez años de exposición exterior, a los rayos UVA, y por la resistencia al rayado. Por su transparencia máxima (es el plástico más transparente) las funciones más habituales van desde los faros de los vehículos, la óptica, la medicina o mamparas separadoras. Para su uso en la arquitectura y decoración se beneficia de un peso menor al del vidrio y mayor resistencia a impactos por lo cual puede ser un buen sustituto en muchas ocasiones.

INOX (Acero inoxidable brillo y mate)

Para la fabricación de nuestros productos de acero inoxidable, se utilizan aleaciones como AISI 303, 304, ó 430 en función de las necesidades de cada pieza. Para asegurar una larga vida al producto es necesario realizar un mantenimiento periódico consistente en conservar la pieza limpia. Para la limpieza utilizar agua jabonosa, luego aclarar con abundante agua y finalmente secar con un paño o gamuza suave. Nunca utilizar productos fuertes, que contengan ácidos, lejía, o sean abrasivos. Los depósitos de cal, por falta de una limpieza regular, son el principal riesgo de deterioro.

LATÓN O ALEACIONES ANÁLOGAS (cromo brillante y cromo mate)

Sobre la base de latón se aplica un recubrimiento de Níquel y Cromo. Para asegurar una larga vida al producto es necesario realizar un mantenimiento periódico que consiste únicamente en mantener la pieza limpia. Para la limpieza utilizar agua jabonosa, luego aclarar con abundante agua y finalmente secar con un paño o gamuza suave. Nunca utilizar productos fuertes, que contengan ácidos, lejía, o sean abrasivos. Los depósitos de cal, por falta de una limpieza regular, son el principal riesgo de deterioro de este producto.

ALUMINIO (Anodizado)

Nuestros productos de base aluminio, aleación AA6060, son fabricados bajo los estándares industriales de esta materia prima, y son sometidos, cuando es necesario, a un tratamiento de anodizado que les da protección, color y textura. Para la limpieza utilizar agua jabonosa, luego aclarar con abundante agua y finalmente secar con un paño o gamuza suave. Nunca utilizar productos fuertes, que contengan ácidos, lejía, o sean abrasivos.

ACERO VITRIFICADO (VIT-TECH)

Material tecnológicamente avanzado y 100% reciclable que nace de la cocción de una superficie de acero esmaltada previamente. Es un material no poroso, higiénico y resistente a la corrosión, a las altas temperaturas y a agentes químicos debido a la naturaleza vítrea del esmalte. Esta característica le confiere una gran dureza permitiendo una amplia gama de aplicaciones en bañeras, platos de ducha y lavabos así como hornos y revestimientos. Es un material de fácil limpieza que no requiere la utilización de productos de limpieza específicos.

TECKSTONE

Formulación avanzada compuesta de minerales naturales (carbonato de calcio y cuarzo) mezclados con resina. La película Gelcoat Premium Maxguard™, con fibras de plástico y polímeros, recubre la superficie proporcionando la durabilidad y resistencia que necesita el uso diario intensivo. Se trata de una superficie sólida con excelentes propiedades físico-mecánicas que ofrece grandes posibilidades de diseño. Su capacidad de moldeo permite reproducir formas con gran precisión y con menores radios de curvatura. Teckstone es muy resistente, compacto y de gran dureza. Al ser un material no poroso y carente de juntas, su mantenimiento es muy sencillo, las manchas se eliminan sin esfuerzo y es de fácil limpieza. Para su mantenimiento, limpiar con un paño suave humedecido con agua y secar con una gamuza. No usar trapos o estropajos abrasivos, detergentes ácidos, lejías... y/o productos de los que desconozca su composición.

MÁRMOL

Mármol carrara (Blanco mate y brillo) extraído de las canteras de la Toscana italiana. Con fondo blanco y distintivas vetas de color azul grisáceo claro repartidas por toda la superficie.

Mármol marquina (negro mate y brillo), elegante y clásico, se extrae de las canteras en Marquina (Vizcaya), caracterizado por sus vetas de color blanco. Cuantas menos vetas más apreciado.

Mármol brescia (marrón mate y brillo) extraído de las canteras de la región de Lombardía (Italia). Considerado uno de los mármoles italianos más suntuosos.

PORCELANA

Para la fabricación de nuestros lavabos se utiliza porcelana o gres porcelánico según las características de la pieza (aunque las diferencias entre ambos no son perceptibles para el usuario). El acabado final vitrificado da a la superficie la dureza superficial, color, brillo, no porosidad e higiene idóneos para su uso en el baño. Este vitrificado permite la limpieza con cualquier producto destinado a la limpieza del baño. Evitar golpes con objetos duros y pesados ya que pueden dañar la superficie e incluso llegar a romper la pieza.

Sales conditions

EXPORT GENERAL SALES CONDITIONS

- 1**

The sales of INDUSTRIAS COSMIC S.A.U. are ruled by the herewith detailed general sales condition and the delivery of any order implies the buyer's acceptance of these general conditions.
- 2**

The products can be modified, replaced or cancelled at any time and all information of any kind included in our catalogues, price lists or advertising materials are indicative.
- 3**

Orders received from customers or through our salesmen are always subject to our previous approval and are considered confirmed unless otherwise specified.
- 4**

No order accepted by INDUSTRIAS COSMIC, S.A.U. can be amended or cancelled without our approval. The customer, as far as he is concerned, cannot return any goods to us without our previous acceptance or consent. In case the customer wants to cancel or amend an order that has been already shipped, due to INDUSTRIAS COSMIC, S.A.U. external causes, the customer will be charged with a € 50 invoice (VAT non included) as return management expenses.
- 5**

Goods will be invoiced in accordance with our current price list at the moment of shipment. The prices are F.O.B. Barcelona for orders above € 1,500; for orders below € 1,500 goods will be shipped under Ex-Works conditions.
- 6**

Unless otherwise agreed, the payment terms are:
-Irrevocable Letter of Credit at sight
-Advanced Bank Transfer
-Cash Against Documents
- 7**

INDUSTRIAS COSMIC, S.A.U. offers two years guarantee, in exception of the indicated in the price list, against raw material and manufacturing defects. The guarantee is valid from the time of purchase by the final customer. To confirm the date of purchase, the invoice of the consumer should be provided. The guarantee consists of the replacement of the defective piece that impedes the regular use of the item, except in case of improper use, incorrect assembly or installation, natural wear and tear, improper maintenance or, chemical, electrochemical or electrical influences. We are not responsible for all the damage brought about by misuse or bad installation of the products and won't accept any indemnities for the replacement of defective pieces or any demands for damage.
- 8**

INDUSTRIAS COSMIC, S.A.U. always try to minimize the customer service time and to meet the lead time requirements on our customers' orders as much as possible. In case we cannot satisfy them, customers will be duly advised.
- 9**

Ordered COSMIC products will be delivered under reservation of title in favour of INDUSTRIAS COSMIC, S.A.U. until all payment obligations by the purchaser have been met in full.
- 10**

In case of outstanding payments, the return and bank expenses are on the purchaser's. INDUSTRIAS COSMIC S.A.U. has the right to block all orders accepted as long as the outstanding payments are not sorted out.
- 11**

In case of claims regarding the interpretation or execution of the herewith sales conditions, will be competent the courts of our head office's jurisdiction.

Condiciones de venta

CONDICIONES GENERALES DE VENTA EXPORTACIÓN

- 1**

Las ventas de INDUSTRIAS COSMIC, S.A.U. se realizan según las condiciones generales aquí expuestas y la entrega de cualquier pedido supone la aceptación, por parte del comprador, de dichas condiciones generales de venta.
- 2**

Los productos se pueden modificar, reemplazar o suprimir en todo momento y la información de cualquier naturaleza contenida en nuestros catálogos, tarifas o material publicitario es indicativa.
- 3**

Los pedidos recibidos directamente de los clientes o realizados por nuestros representantes en nombre de ellos siempre estarán sujetos a nuestra aceptación. INDUSTRIAS COSMIC, S.A.U. da por confirmados todos los pedidos recibidos y, si no hay notificación específica se entenderán como aceptados.
- 4**

Ningún pedido aceptado por nosotros se podrá retractar ni anular sin nuestra aceptación. El cliente, por su parte, no podrá efectuar ninguna devolución de mercancía sin nuestro consentimiento previo. En el caso de anulación o modificación por parte del cliente y por causas ajenas a INDUSTRIAS COSMIC, S.A.U., de un pedido que ya haya sido expedido, se le facturará al cliente un importe de 50€ netos (IVA no incluido) en concepto de gastos de gestión y transporte.
- 5**

La mercancía será facturada de acuerdo con nuestra tarifa vigente en el momento del envío. Los precios serán F.O.B. Barcelona para pedidos superiores a 1.500€. Los pedidos inferiores a 1.500€ serán enviados ExWorks.
- 6**

De no existir otro acuerdo, las condiciones de pago serán:
-Letra de crédito irrevocable a la vista
-Transferencia por avanzado
-Contado contra documento
- 7**

INDUSTRIAS COSMIC, S.A.U. ofrece una garantía de 2 años, excepto en los casos indicados en la tarifa, contra todos los defectos de materia prima y fabricación válida a partir del momento de adquisición por parte del cliente final. A fin de determinar la fecha de adquisición será imprescindible la presentación de la factura de compra. Esta garantía consistirá en la sustitución de la pieza que determine su irregular funcionamiento, salvo por razones de uso inadecuado, montaje o instalación incorrectos, mantenimiento indebido, desgaste del uso diario o defectos provocados por reacciones químicas, electroquímicas o eléctricas. La garantía excluye de responsabilidad a INDUSTRIAS COSMIC, S.A.U. de todas las consecuencias derivadas del funcionamiento o instalación de nuestros productos y esta no reconoce ninguna indemnización por la sustitución de artículos defectuosos ni demanda por daños y perjuicios.
- 8**

INDUSTRIAS COSMIC, S.A.U. intenta siempre reducir al máximo los tiempos de servicio al cliente, ajustándose en lo posible a los requisitos de plazo solicitados expresamente en el pedido y, en caso de no poder satisfacerlos, se enviará una notificación.
- 9**

Los productos marca COSMIC, objeto de pedido, se entregarán bajo reserva de dominio a favor de INDUSTRIAS COSMIC, S.A.U. hasta el total cumplimiento de las obligaciones de pago por parte del comprador.
- 10**

En caso de impagados, se incurre en un cargo por devolución, más los gastos de financiación actuales en el mercado. INDUSTRIAS COSMIC, S.A.U. se reserva el derecho de retener los pedidos en curso hasta solucionar los efectos pendientes.
- 11**

Las disputas referentes a la interpretación o a la ejecución de estas condiciones generales de venta pasarán a ser competencia de los tribunales de nuestra jurisdicción.
