HANDS ON **FEATURES**

Accommodating your every wish and desire, GROHE water systems and kitchen faucets include user-centric features and ingenious details that make all the difference. More choice, more comfort and more flexibility; which is why our products are such a pleasure to use.

Welcome to the smartest product portfolio in the industry,
where kitchen taps, water systems and consumer-oriented
features combine with outstanding design. Enjoy the
ultimate GROHE kitchen experience.

Dear customers,

The kitchen is the heart of the home. It's where the family gathers, friends connect and experiences are shared. At GROHE we use our unique craftsmanship to create smart technology to effortlessly deliver water to your kitchen to cook, clean, drink and enjoy. We are dedicated to creating elegant and intelligent products that combine design, quality, technology and sustainability. With our most complete kitchen portfolio ever, we are driven by our goal to be at the heart of your home.

A perfect example of our ethos is our GROHE water systems. Our award-winning design reflects our heritage as skilled and innovative craftsmen. At the slightest touch of a button or gentle twist of the tap, GROHE Red and Blue systems provide you with the purest filtered water, either hot or cold. Delivering fresh water into your glass or cup eliminates the need for bottled water or kettles, creating a more sustainable way to enjoy water in your life.

We know that creating fantastic food requires technology which is reliable and functional: technology with unique features and intelligent design reflecting your personal taste. This understanding has allowed us to develop GROHE's market-leading Premium Lifestyle Collections,

with clever and beautiful features like our GROHE Easytouch or GROHE Foot Control products, helping to liberate your hands in the kitchen. Or our distinctive Essence Professional Colour designs, all created to encourage your culinary creativity, another addition to our comprehensive kitchen portfolio.

A passion for taste is central to what you create in the kitchen, at GROHE we aim to complement this with our passion for delivering the very best craftsmanship and engineering expertise in every one of our products. We credit this approach for the success of our Performance Lines, which deliver multiple design combinations, versatile height and installation options to allow you to create kitchens that are safer, easier and more enjoyable to use.

This unique combination of expert craftsmanship and forward-thinking innovation means we can deliver the products you need to build kitchens that are practical, reliable and beautiful: the hallmark of GROHE.

Yours, Michael Rauterkus
Chief Executive Officer
Grohe AG

PURE FREUDE AN WASSER.

Life-giving, universal, joyful – water itself is the source of inspiration for the whole of our distinctive product portfolio.

Each of these products is always based on our four core values: Quality, Technology, Design and Sustainability. Balancing these in everything we do, allows us to deliver unrivalled water enjoyment to our customers.

QUALITY

GERMAN PERFECTIONISM INSPIRES ULTIMATE CUSTOMER CONFIDENCE.

We strive for an excellence that goes way beyond the surface of our products. In fact, from design to production and customer service we aim for nothing less than perfection at every stage. Our history of great German engineering, rigorous internal tests and numerous external certification processes are what gives our customers complete confidence in a name they can trust.

TECHNOLOGY

MASTERING WATER THROUGH TECHNOLOGY.

In our relentless search for technological innovation we work to integrate the latest digital advances, creating smart solutions that enhance our customers' enjoyment of water. Our in-house experts harness the power of water to enhance the experience of our customers every day – the moment of truth, for our products and brand.

DESIGN

SIGNATURE ELEMENTS STYLED TO PERFECTION.

An empathetic and intuitive design language offers us the opportunity to create products that feel as if they were designed just for you. This unique GROHE DNA that is both ergonomic and visually distinctive has earned us numerous design awards: world class references are testimony to our world-wide recognition.

SUSTAINABILITY

ENSURING WATER ENJOYMENT FOR GENERATIONS TO COME.

Water is as essential as the air that we breathe, one more reason why we are so passionate about it. To be able to offer "Pure Freude an Wasser", not just to today's consumer but for generations to come, we offer sustainable product solutions like GROHE Blue, GROHE EcoJoy and GROHE SilkMove ES, and we demonstrate through our Sustainability Report and Sustainability accolades that we have made a serious corporate commitment to protecting the planet.

GROHE **EASYTOUCH**

Kitchens are hands-on places, where multi-tasking is a must. Why not make life easier for yourself with a GROHE touch-activated faucet? We've developed a choice of two innovative solutions that let you control the flow of water without using your hands, making your kitchen more hygienic, convenient and instinctive to use. GROHE faucets can be activated with a simple touch of the wrist or elbow. Leave your hands free and keep your faucet sparkling clean. Change the way you control your kitchen with just a single touch.

The kitchen is the heart of your life at home – and let's face it, sometimes life gets messy. With GROHE's innovative EasyTouch faucets sticky fingers won't slow you down and cross-contamination is a thing of the past. Hidden GROHE technology lets you start and stop the flow of water with a single tap of your arm, wrist or the back of your hand, anywhere on the spout. No more greasy fingerprints or struggling to turn a lever with your elbow.

TYPES OF SPOUTS

Our range of spout options let you combine comfort and convenience with great design flexibility. Our spouts come in a variety of heights, from a compact low spout for small spaces to a high spout perfect for filling pots, as well as in a choice of U, C or L-shape to perfectly suit your style. Need even more flexibility? Our spouts that swivel or feature pull-down spray heads offer extra reach, power and performance for busy kitchens.

POWERFUL SPRAY FUNCTIONS

Get some power behind your daily tasks with GROHE's range of professional and pull-out sprays. Enjoy an increased operating radius for maximum convenience, and on many models you can also switch between two spray functions for even greater flexibility. The GROHE EasyDock function with glideflex hose ensures the spray docks smoothly back into position, and on some professional spray models GROHE EasyDock M uses a magnet to guide the spray head back into place effortlessly, every time. When your work is done enjoy the easy-clean advantage of GROHE's SpeedClean feature - available on all pull-out sprays with two spray functions - that lets you clean limescale from the head with a simple sweep of your finger.

GROHE **SUPERSTEEL**

SUPER LOOKS – SUPER RESISTANCE

To fulfil its purpose, a kitchen fitting needs to be resistant. GROHE's SuperSteel surface more than fits this bill. In fact, the innovative PVD coating is ten times more scratch-resistant than chromium. The silk-matt stainless steel surface not only looks unbelievably good, but also demonstrates its resistance in daily use. Fingerprints on the surface? Not here. And nowhere on the surface for microbes and bacteria to lurk either, which greatly reduces the microbial count. So the surface of the fitting stays hygienically clean, day after day.

GROHE PVD

UNRIVALED HARD AND SCRATCH RESISTANT.

MADE-TO-LAST SURFACES RANGING FROM PRECIOUS MATT TO SHINY LIKE A DIAMOND.

GROHE faucets are made to look as beautiful decades on as they did the day you first fell in love with them. The special recipe to success lies in our long-lasting surface quality. GROHE uses state-of-the-art technology to deliver exceptional quality finishes. The physical vapour deposition (PVD) process ensures that the surface composition is three-times harder, delivering glistening gold or sophisticated stainless-steel finishes. As well as being harder, the surface is also ten times more scratch resistant, so it can be cherished for a lifetime.

GROHE RED

STREAMLINE YOUR KITCHEN

Never wait for the kettle to boil again. With the innovative GROHE Red system you can fill anything, from a mug to a large pot, with kettle-hot water in an instant – and all direct from your kitchen faucet. With GROHE Red you still have your standard kitchen mixer, but a second lever provides kettle-hot water on tap.

RED

KETTLE-HOT WATER ON TAP

How many times a day do you fill and boil the kettle? From the first cup of tea in the morning to a late night pasta dinner, we boil up water countless times, often heating far more than we need. With GROHE Red you have water heated to 100°C ready when you want it. It's convenient and saves water and time.

TECHNOLOGY YOU CAN TRUST

Cooking, cleaning, sterilising... not to mention those refreshing cups of tea and coffee. There are so many things we use kettle-hot water for every day of our lives, why wouldn't we want it to be as quick, easy and economic as possible. The GROHE Red system lets you enjoy the convenience of kettle-hot water instantly, without the clutter of a kettle and with many additional benefits too. Enjoy a cleaner taste that is more economical than a kettle and wastes less energy too, all on tap, any time. GROHE Red lets you streamline your kitchen, with three great designs to choose from and the convenience of having all your kitchen water demands met in one sleek faucet.

GROHE COOLTOUCH

GROHE CoolTouch technology offers you total peace of mind. It insulates the faucet so well that you can touch the spout without any risk of scalding, making it far preferable to a kettle in homes with young children.

CHILDLOCK

Safety is paramount in a family kitchen. That's why GROHE Red faucets are designed with a child lock that makes scalding practically impossible: for the boiling water to flow, you must first unlock with the upper push button before the lower push button can be used.

GROHE RED TITANIUM BOILER

All boilers in our GROHE Red collection are made from titanium. Unlike stainless steel and copper, two metals traditionally used for boilers, titanium is highly resistant to corrosion and limescale build-up – ensuring perfect performance over a lifetime. It also guarantees that your water is free of any metallic taste.

GROHE EUROSMART

Create a kitchen that the whole family can take pleasure in with the new GROHE Eurosmart. Effortless control, unrivalled performance and temperature-safe operation combine in a sleek contemporary design. The solid cylindrical body, the elegant curve of the spout – the new Eurosmart range looks great while offering huge versatility. In a variety of two heights, with a useful swivel spout and the option of our water-saving GROHE EcoJoy feature or the energy-saving cold-start cartridge GROHE SilkMove ES, Eurosmart is bound to fit in with your busy family kitchen.

Take your kitchen to the next level with the new Eurosmart pull-out kitchen faucet. Equipped with the basic features of Eurosmart and adding a functional pull-out dual spray, Eurosmart pull-out will help you do your daily kitchen tasks with just tip of your finger. The pull-out dual spray gives you a greater operating radius of the faucet while offering easy switching between two sprays. The EasyDock mechanism guarantees easy retraction and smooth docking for your spray head, every time. Eurosmart pull-out comes with a shiny chrome surface or a matt SuperSteel finish to fit your kitchen perfectly.

GROHE BAU

Water is used for cooking the world over. We need running water in the kitchen up to 90 times each day. We take it so much for granted that we often don't think of water when we hear the word 'kitchen'. We think of well-filled refrigerators, aromas wafting from the oven and of tables laid ready for dinner. But we forget what works hardest in the kitchen: the kitchen faucet. Something that is used this frequently must be durable – and since kitchens are increasingly becoming living spaces, it also has to look good. That's why ergonomics, functionality, aesthetics and durable finishes are so important in GROHE kitchen faucets.

A GLOBALLY CONNECTED COMPANY

GROHE IS PART OF LIXIL – A GLOBAL LEADER IN THE HOUSING AND BUILDING INDUSTRY.

Beginning back in early 20th century Japan, LIXIL is today the most comprehensive company in our industry, with a unique portfolio spanning everything from technologies that revolutionize how we interact with water, to a full lineup of interior and exterior materials and products for houses and major architectural projects. Operating in 150 countries, LIXIL companies design and manufacture products that are used by more than a billion people around the world every day.

The world is changing rapidly, and LIXIL companies are helping to shape it. Across our brands and technologies, we design and manufacture tomorrow's living solutions, today. From developing smart innovations in people's homes and offices, to redefining the world's most famous city skylines, LIXIL products are transforming the spaces in which we all work, learn, travel, relax, and live.

Alongside GROHE in LIXIL's family of world-class brands are American Standard, INAX, DXV by American Standard and Permasteelisa. Combined, our brands make us number one in faucets and plumbing-related products worldwide and Japan's premier provider of housing products. We're leading the way in many other areas around the world, thanks to our shared focus on creating innovations that genuinely improve people's lives.

Together we're stronger. Combining our GROHE expertise as a world leader in sanitary fittings with the unique technology and insights from LIXIL's other Water Technology brands, GROHE now offers complete bathroom solutions, featuring innovative products like shower toilets and SmartControl showers, alongside revolutionary technologies such as AquaCeramic sanitaryware that stays clean for 100 years. Beautiful, functional and reliable, LIXIL's products and solutions are changing the way people live, all over the world.

Together, we share a powerful vision of a better tomorrow, for our customers and for the world. As a truly global manufacturing company, we know that we have an important part to play in securing the future of our planet. We're leading the way in areas such as energy efficiency and water saving technology and aim to achieve a net zero environmental footprint by 2030. We believe everyone should have access to clean and safe sanitation, and are committed to using our expertise to help make this possible.

Together we're creating the future of good living for everyone, everywhere.
